HOW OUR GRADUATES ARE DOING

To assist you in making a sound decision about whether to commit yourself to this intensive year of study of practical nursing, The School of Nursing at CVCC wants to share the following information---

- 80% of the 93 adult enrollees scheduled to be graduated in June 2010 successfully completed the program (74 individuals - represents both full and part- time enrollees).
- 92% of the graduates of the Class of 2010 have successfully passed the State Board Licensure Examination for Practical Nurse on the first attempt. Four (4) graduates were successful a second time with two (2) graduates pending retaking the NCLEX-PN examination.
- 16% of the graduates who passed the State Board Examination on the first attempt, Class of 2010, have responded to the postgraduate survey with 91% reporting part/full-time employment as a licensed practical nurse and three (3) persons seeking additional education at this time and one (1) person not working in the health care field.
